TECHNICAL SKILLS:

- Web design
- HTML
- CSS
- BOOTSTRAP AND JQUERY
- JAVASCRIPT

SOFT SKILLS:

- ✓ EXCELLENT TEAM SPIRIT
- ✓ CREATIVE PROBLEM SOLVING

Hobbies: Reading, Writing and Coding

I love to read books most especially on how the web works. I also like writing tech contents at my leisure time. Coding is part of me learning new things about the web through coding gives me a special type of joy.

Professional Summary:

Solution-driven professional excelling in highly collaborative work environment, finding solutions to challenges and focused on customer satisfaction. Proven experience developing consumer-focused web sites using HTML, CSS, and JavaScript. Experience building products for desktop, phone and mobile app users, meeting highest standards for web design, user experience, best practices, usability and speed. Responding to challenges by designing and developing solutions and building web applications aligned to customer's services. Translating solutions into code and working across many different APIs, third-party integrations and databases.
